A mobile app sign-in screen mockup. The screen has a light blue background. At the top, there is a green header bar with a white back arrow on the left and the text "Sign in" in the center. Below the header, there are two white input fields with rounded corners. The first field is labeled "Email*" and the second field is labeled "Password*". Below these fields is a green button with rounded corners and the text "Sign in" in white. At the bottom of the screen, there is a line of small text: "By proceeding you also agree to the Terms of Service and Privacy Policy". The entire screen is framed by a black border representing a smartphone.

← Cucumber

Cucumber (*Cucumis sativus*) is a widely-cultivated creeping vine plant in the *Cucurbitaceae* gourd family that bears cucumiform fruits, which are used as vegetables. [1] There are three main varieties of cucumber—slicing, pickling, and burpless/seedless—within which several cultivars have been created.

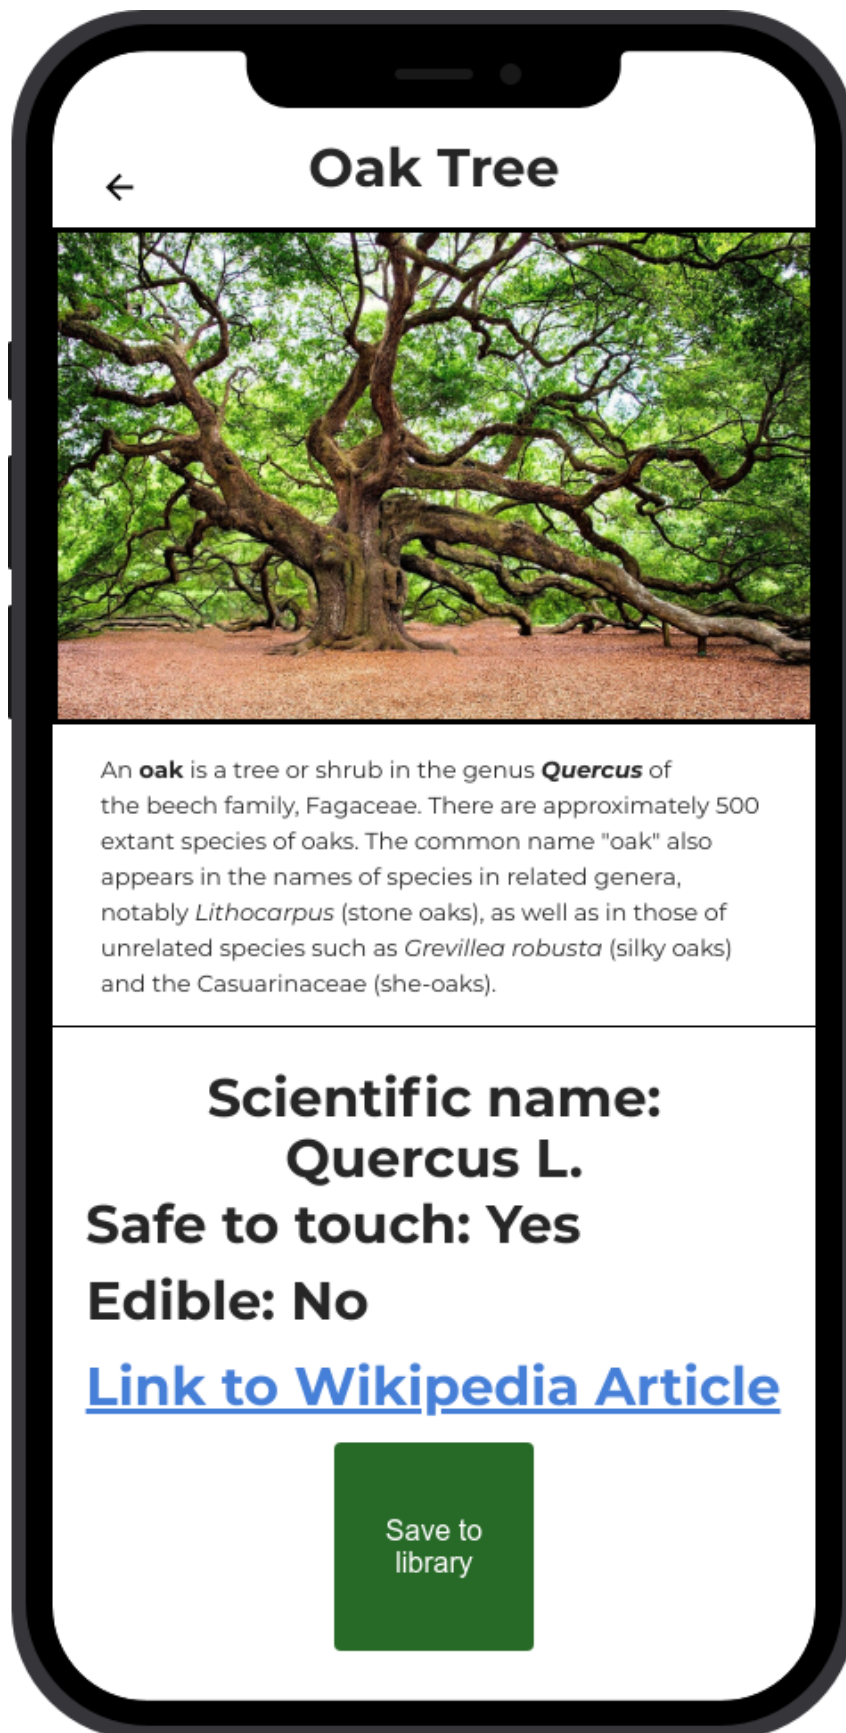

Scientific name:
Cucumis sativus

Safe to touch: Yes

Edible: Yes

Wild Parsnip

The **parsnip** (*Pastinaca sativa*) is a root vegetable closely related to carrot and parsley, all belonging to the flowering plant family Apiaceae. It is a biennial plant usually grown as an annual. Its long, tap root has cream-colored skin and flesh, and, left in the ground to mature, it becomes sweeter in flavor after winter frosts.

Scientific name:
Pastinaca sativa

Safe to touch: Yes

Edible: Yes
